

**HOBART**

# HS4N

## SLICER

## Designed with Grocery in Mind

The HS4N is a part of the Hobart HS Series and focuses on the needs of the grocery deli: superior performance, easy to use, easy to clean and operator assurance.

**The HS4N provides heavy-duty slicing, all day, in an economical package:**

- ✓ Large product tray and slide rod for feeding larger chubs
- ✓ 1/2 HP motor to slice cheese and meat with no shredding
- ✓ Wide carriage span, delivering a smoother glide
- ✓ Rear-mounted, removable meat grip for easy cleaning
- ✓ Simple controls making it easy for the user
- ✓ Fewer moving parts; lower maintenance costs and extended life

## Performance

- Machine Grooved Stainless Steel Knife Cover
- Chrome Plated Carbon Steel Knife
- Top-Mounted Sharpener, hones in 5 seconds
- Gauge Plate reduces drag for smoother slicing motion

## Cleaning & Sanitation

- Exclusive Tilting and Removable Carriage
- Removable Meat Grip Assembly
- Ample space between knife and base
- Spring kickstand that props machine for easy cleaning

## Ease of Use

- Convenient User Interface with Indexing System
- Slide Rod with Reservoir Wick in Transport
- Single Action, Top-Mounted Sharpener

## Operator Assurance

- No-Volt Release
- Exclusive Tilting and Removable Carriage
