# FOOD SAFETY

Hobart commercial dishwashers are designed and tested to provide unmatched confidence in your dishroom's food safety performance.

## Sanitization Assurance

It's important that all of your ware is consistently sanitized, every time, on every cycle.

## Wash Performance

Hobart dishmachines provide best-in-class cleaning so food soils are thoroughly removed from ware.

## Cleaning & Maintenance

Regular cleaning and preventative maintenance help ensure your dishmachine maintains sanitization and wash performance.

## Operator Behaviors

Training materials & operational safeguards help ensure staff follow correct procedures and deliver clean, safe ware every time they wash.

## FLIGHT TYPE CONVEYOR OPTIONS

### Tivoli

Designed for Correctional Applications

Hobart offers conveyors to meet your facility ware type, including the Tivoli Conveyor, exclusively designed to accommodate the deepest insulated compartmentalized trays up to 2.5". Optional cross rods are available for increased support, optimal loading angle, and improved drying performance. Additional correctional considerations include stainless steel conveyor and fully welded cross-rods for maximum tamper-proof construction. Contact your account representative for more information.
