

# Hobart SmartConnect Performance at your Fingertips

Connect your Hobart Commercial Dishwasher\* to the FREE **SmartConnect** app through your dishmachine's built-in WiFi to monitor & optimize dishroom operations. Create better procedures and enhance performance by monitoring temperatures and sanitization, analyzing usage, consumption and costs, and with emails and troubleshooting for critical events.

## Optimize Dishroom Operations

Tracking key dishmachine metrics and apply insights to continuous improvement initiatives

## Machine Status & Alerts

Maximize uptime with status updates on all your connected machines and receive emails & troubleshooting for critical errors.

## Temperature Status & Logging

Monitor your sanitization status with current wash and rinse temperatures and downloadable temperature logs.

## Machine Usage Analyzer

Track machine usage and resource consumption over days, weeks, and months.

## Operating Cost Analyzer\*

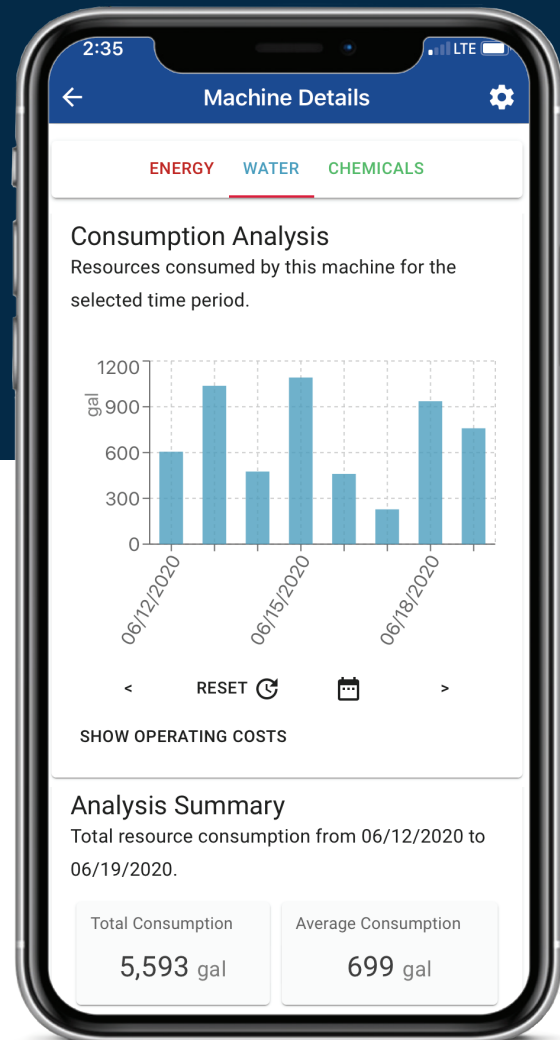

Interact with cost overviews of water, electricity, and chemical consumption.

\* Chemical consumption available for machines equipped with optional Hobart chemical pumps.

**Easily connect with your commercial dishwasher's onboard Wi-Fi.**

Dishwashers

**HOBART** TECH CONNECT  
SERVICE

## Maximize Dish Machine Up Time!

**TechConnect** allows Hobart Service to communicate with the AM16 and AMTL dishwashers to capture real-time data, see error codes, and diagnose and test the machine's components.

- > Increase First-Time Call Completion
- > Fast Troubleshooting & Repair
- > Reduce Machine Downtime

\*Available on Hobart AM16, AMTL and LX7 dishmachines
