

LONG-LASTING DURABILITY, NOW IN A COOLER CABINET

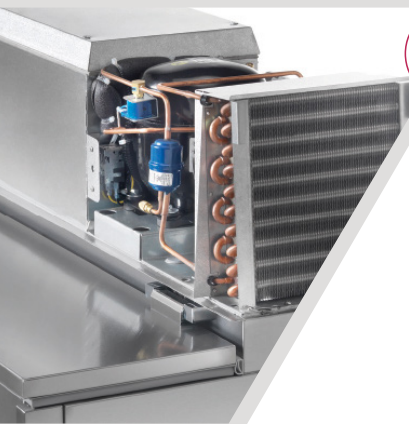

Traulsen knows you need long lasting, high quality equipment that's easy to maintain and less expensive to operate – and we deliver just that with the RMC Milk Cooler series. With our top-mounted, forced air system, Traulsen achieves superior temperature maintenance, ensuring consistent, safe temperatures throughout the cabinet.

1

REDUCE COSTS

- All metal construction ensures durability for longer equipment life
- Forced air design keeps contents at consistent safe temperatures and eliminates the need for daily defrost

2

SAVE LABOR

- Easy to remove, top-mounted system reduces downtime in the event of a service call
- Factory-installed casters on caster rails make the cooler easy to install and move for regular cleaning
- EZ-Clean Gaskets are made with sanitizer-friendly Santoprene®

3 YEAR PARTS & LABOR
WARRANTY
5 YEARS ON COMPRESSOR

3

SUPPORT SERVICE-LINE DESIGN

- Low entry point into the cooler cabinet gives easy access to all, and helps the service line flow smoothly
- Good, cold milk can tempt even the most reluctant students and help increase overall student participation
