Vulcan specifically designs and builds Corrections Kitchen Equipment to stand up to the demanding conditions of a correctional institution. Our Corrections lineup includes features like tamper-proof screws, heavy duty and tack welds, covered controls, heavy duty locks, security screens and more. Plus, all parts are easy to access, repair and replace. It could not be simpler to operate and maintain an entire kitchen of Vulcan equipment. In addition to the security packages shown here, security packages for other types of Vulcan equipment (such as fryers or ranges), may also be available. Please contact Vulcan Customer Service to learn more.

HEATED HOLDING

***Security packages available on:
CBFT Series Holding Cabinet***

- Removable welded tray slides
- Four-corner integral c-channel design enhances durability and performance, minimizes torque
- Tunnel distribution system ensures even heat flow
- Adjustable thermostat/thermometer with security cover

12-gauge locking transport latch.
